HOW MUCH DO YOU KNOW ABOUT PUERTO RICO?

PUERTO RICO

Did you know...

Puerto Rico is known as the Rum capital of the world. Which iconic cocktail was created here?

Puerto Rico is also home to the only tropical rainforest in the US National Rainforest System. What's it called?

Find out below!

Puerto Rico, a US territory for over 120 years, is an archipelago with 7 distinct regions, 300+ miles of coastline, and countless beaches. The main island is just 100 miles long and 35 miles wide, making it easy to explore by car. English and Spanish are widely spoken, temperatures average 28–32°C, and the island is rich in history, culture, cuisine, and entertainment. Puerto Rico is known as the Rum Capital of the World and the birthplace of the Piña Colada.
